

IN THE SKIES

SOAR — AND LAND SAFELY —
WITH SUPPORT FROM ASTM INTERNATIONAL

Additive Manufacturing Technologies (F42)

Composite Materials (D30)

Aerospace and Aircraft (F07)

General Aviation Aircraft (F44)

Vehicle-Pavement Systems (E17)

Light Sport Aircraft (F37)

Aerospace Personnel (F46)

Unmanned Aircraft Systems (F38)

Aircraft Systems (F39)

Commercial Spaceflight (F47)

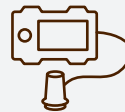

PLUS

Aviation Fuels (D0.J0)

Light Metals and Alloys (B07)

Nondestructive Testing (E07)

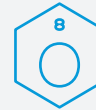

Mechanical Testing (E28)

Rolling Element Bearings/Aerospace (F34.06)

Steel, Stainless Steel, and Related Alloys (A01)

Compatibility and Sensitivity of Materials in Oxygen Enriched Atmosphere (G04)

Standards

Proficiency Testing
